Janet:

We have not yet received any NPDES applications or Notices of Intent for this mine/site. We will watch for it and share it with you as soon as we receive anything.

Subject: United Minerals LLC- Seven Hills SMCRA S-00357

Hi Catherine,

I have a request regarding a proposed surface coal mine site under United Minerals.

Could IDEM share with EPA NPDES asap any submitted NPDES permit application/ NOI regarding this site, as soon as IDEM receives it, or if you already have it please forward to me at your earliest convenience? EPA has particular interest in this proposed site.

The proposed United Minerals, LLC (a subsidiary of Peabody) Seven Hills Mine permit area (SMCRA Permit No. S-00357 and Corps File No. LRL-2013-635-GJD) covers approximately 2,351 acres in Warrick County, Indiana. The CWA Section 404 permit application shows that as of 7/9/13 that the application is still pending for the NPDES permit.

Thanks much,

Janet
